# We got our photo taken for the newspaper

Kate told us to make our best silly faces for fun too...  
Just one person was missing on this day, can you  
spot who it is??

# We make predictions when we read picture books together

We use a special sign to show teacher when we have a prediction. A prediction is when we make a clever guess about what might happen next in a story.

# We made 'Tricky Towers' with our 6 bricks

This activity helps us to work on skills like balance, patience, co-operation, team work and even accepting disappointment!!

Icky Mouse  
As a little white mouse  
Climb into her house  
Her tail tipped over the top,  
'Til she slipped!  
As the door was locked  
And she scurried off in a wink.

# We had a Road Safety talk with Aedín our Lollipop Lady

We talked about crossing the road in a safe way and we also got a lovely lollipop to eat as a treat after school....

Thanks Aedín!

# We went for a walking tour around the school

This place is so big and with Covid restrictions we cannot visit other classrooms during the school day. This way we had a chance to explore the hallway and see what the school building looks like.

We waved at some brothers and sisters as we made our way around the school. It was lots of fun.

We take some  
movement breaks on  
our mini trampoline

# Aistear – Integrated Play

In September we looked at the theme of Autumn. We painted Autumn trees, we explored the Autumn table, we visited the Gruffalo's forest, we carried out Role play as the Gruffalo, we constructed, used Play Doh and played at the small world table.
